CITY MEASURES SEEM BARRED FROM BALLOT. Diverse Laws Hit Bonding Propositions and Two-platoon Repeal. Plan to Combine Municipal with State Issues Next Month Finds Favor, but is Impaired on Horns of Dilemma—Seeming Failure of Initiative Against the Firemen's Ordinance Involved; Also Economy.

DISCOVERIES made last night in the election laws apparently preclude the placing of the city bonding propositions, the two-platoon repeal ordinance and other contemplated measures on the ballot for the special election October 26.

Notwithstanding that the Supervisors yesterday agreed to allow the City Council to join in the election of October 26 by placing five bonding propositions and the two-platoon repeal ordinance on the ballot, two vital provisions of the political code prevent such action, according to prominent lawyers who raised the points last night.

The matter will be laid before the Supervisors this morning and the result will be, it is predicted, that none of the city questions can be submitted as a part of the State special election October 26 without invalidating the entire election.

Here are the two important barriers laid by the law:

(1) The State law provides that all persons registered within thirty days of election may vote at that election; the city charter provides that all persons registered within twenty-five days be permitted to vote at the election. October 1 the Registrar of Voters must begin mailing the sample ballots to voters, and under the city charter provisions, many voters will be disfranchised by that time, for their affidavits of registration cannot be legally accepted, as the election is a State election and not a city election. It is argued the disfranchisement of any voter in the city would cast a serious cloud, not only on the five city bond propositions, but on the \$2,500,000 county road bond proposition as well.

(2) The City Council must do its own canvassing. In other words, it must canvass the vote on the propositions that are voted upon only in the city of Los Angeles, as the Council is merely joining with the Supervisors in holding the election and is not calling a special election of its own, no provision is made for its own, no provision is made for its own, no provision is made for its own.

(Continued on Fifth Page.)

OUT OF BANDIT CLUTCHES. FULLER SAFE IN TEXAS; SAYS NO RANSOM PAID.

BRONZED and happy at his release, E. P. Fuller reached the Paso del Norte Hotel, El Paso, Tex., this morning, after a long journey after being liberated by bandits who had held him captive on the Santa Domingo ranch in Western Chihuahua. He was met at the international line by his brother, C. H. Fuller, of Los Angeles, who has been in the Texas city handling the details of the release since the wealthy ranch owner was imprisoned, September 12, at his home near Villa Ahues, Chihuahua.

Mr. Fuller announced he will not return to Los Angeles at this time, but will return to the Santa Domingo ranch to look after his interests. He will go within the next two days, he said, as his affairs demand immediate attention. Mr. Fuller will leave El Paso today to return here, where he will remain in Texas until he probably rejoin his husband at Santo Domingo soon. Gen. Villa has promised Mr. Fuller a strong bodyguard at the ranch and these troops will be sent there when he goes.

"There is nothing much I can tell except I was well treated, even if they did hold me for a week," Mr. Fuller said last night.

"Mr. McCabe was also well treated. We never had to protest against anything. Of course we felt pretty bitter because we were being held, but we made the best of it.

"I wish to deny any ransom was paid for my release. Neither was any money paid for Mr. McCabe's release. I intend to go back there soon and I do not wish to stir up any more trouble for myself. The bandits were evidently the Coloradoans in Western Chihuahua and I was told they belong on this side, although I did not know any of them."

Although Mr. Fuller denied a ransom was paid, it was generally understood at El Paso that a sum between \$2500 and \$5000 gold was given to the bandits.

N. B. Blackstone Co.
Seasonable Knitwear

that needs no glossing over. Every feature from the yarns to the finishing will stand the light of day.

Merode Underwear is cut by hand, each garment separately, as a tailor would cut a suit, and is hand finished, which makes itself felt in extra wear and comfort. We've full lines in all wanted weights and prices. Give us the privilege of showing you.

Vests and Pants of cotton from 50c.
Vests and Pants of wool from \$1.
Separate garments of wool and silk up from \$1.25.

Union Suits of extra value, \$1.00.
Women's Union Suits of fine ribbed silk lisle, knit with extra strong reinforcements, tape top. A garment perfect in fit and finish, \$1.00.

Autumn Suits-to-Measure

Our tailor will make your suit to order, make it after any model you may choose from a large assortment of the newest wool suitings; serges, gaberdines, poplins, broadcloth and mannish mixtures. Broadcloth suits up from \$42.50. Serge, gaberdine, etc., up from \$35.00. Ask at the dress goods section about our made-to-measure suits.

Heavy Ingrain Silk Hosiery \$1.00

The stockings we present today at \$1.00 a pair are away above the average in value. A bright, extremely lustrous and heavy silk with lisle toes and wide elastic top. It's a stocking made for service as well as looks. Black only. \$1.

36-inch New Flannelettes 15c

The double width flannelettes for winter wear have arrived—a solid case of them. You'll soon need such washable material for house dresses, sacques, kimonos and warm petticoats. There are small floral designs and satin stripe effects. Browns, blues, pinks and grays, each in many combinations. 36 inches wide. 15c yard.

TRAGIC FOLLY EMPHASIZED. Killing of Dollar Line by the Seamen's Act Simultaneous with Biggest Cargo.

By a singular coincidence the arrival of the largest tea cargo that ever came into this port and the hauling down of the Robert Dollar & Co.'s flag on the oriental trade lane from Los Angeles Harbor will be simultaneous, it developed yesterday.

According to advice received yesterday by the Salt Lake, the steamship Baukoko Maru, under charter to the Dollar interests, will arrive here in ten days with 1,500,000 pounds of tea in its hold, in addition to a miscellaneous cargo of nut oil, biscuits, straw braid, matting and other oriental produce.

Thereafter, according to the notice, regular sailings will be discontinued. In connection with this notice there is a rumor in maritime circles that hereafter all the Dollar ships will be put under British registry and will make Vancouver instead of this port and San Francisco. The Dollar company is a veteran in the oriental freight trade. The venerable head of the concern, Robert Dollar, has been one of the most outspoken critics of the La Follette-Purush Seamen's Bill.

SCHOOL OPENS TODAY.
Cummoak Academy, No. 1509 South Figueroa street, will open today for its tenth year. The faculty has been augmented. Miss Martha C. Weaver, A. M., will be director of the school, and Miss Helen A. Brooks, A. M., assistant director. Others of the faculty are: Conception Delgado de Clark, Spanish; Miss Albertina Winslow, English; Miss Dorothy Medland, art, design, scenic harmony; Mrs. Helen Eaton Behrmer, dramatics; and Miss Ethel Phillips, expression.

NOTED AUTHOR HERE TO PRODUCE MASTER FILM.

Author of "Clansman" to Spend Three-quarters of a Million Dollars Preparing "The Fall of a Nation," a "Times" Serial, for the Screen—To Employ Fifty Thousand Persons.

THOMAS DIXON, a former Baptist minister and author of "The Clansman" and nine other novels, arrived in Los Angeles yesterday to spend approximately \$750,000 in the next six months in making a film of his latest novel, "The Fall of a Nation," which is running serially in The Times every other Sunday. He expects to give employment to about 50,000 persons in producing the masterpiece, in which interesting undertaking he will be the director-general.

Immediately upon his arrival Mr. Dixon began negotiating for a studio. He expects to locate in Hollywood. He has laid down his facilities for the time being and closed the desk on two unfinished novels, with the purpose of devoting fourteen hours a day for half a year to a spectacular "movie."

Mr. Dixon is drawing a salary as director-general of the National Drama Corporation, which has the production rights to the novel. The production of the novel has produced and to all of his literary output for the next five years.

"I will soon find out if I am a success as a motion picture director," Mr. Dixon said last night at the Alexandria, where he has established headquarters. "I think I will be. Anyhow I am going to try. At least I am not the director, I will direct the director."

"We expect to make more than 250,000 feet of film. The production will exceed the cost of 'The Clansman' film by about 40 per cent. and will give employment to three times as many people."

"We expect to start to work at once, as the novel is now in the hands of the studio. After the novel has been serially it will be issued in book form and shown in pictures simultaneously."

Mrs. Dixon, who has never spent a winter in Southern California, will join her husband in his new venture. She is now in London, having gone there to invite the King and Queen to be present at the initial performance of "The Clansman" tomorrow night, is coming to Los Angeles later to help him in his work."

Mr. Dixon likes to talk about the success of "The Clansman" film, which was produced locally. The film is being shown in ten cities and is attracting large crowds.

"Los Angeles is the only city that got to see 'The Clansman' for less than \$2 a seat, and that is because my associates sold it outright to a local theater man, who has made a nice thing out of it. I nearly dropped dead when I heard that," Mr. Dixon said.

Mr. Dixon is a tall man with a forceful and pleasing personality. His hair has turned gray in the last few years and he is now in his sixties. There is nothing ministerial in his appearance, however. His temperament is not on display and he looks like a man who is not in a hurry to get on enough to keep him in the game a good many years.

UNIONITES THREATEN TO JAIL BOARD OF TRUSTEES.

THE support of Los Angeles labor unions was sought yesterday by unionite teamsters of Fullerton who are endeavoring to collect ridiculous sums for technical overtime by threatening to hold up important road work and have the members of the Fullerton Board of Trustees jailed for alleged laxity in enforcing the eight-hour law applying to public works—a laborite measure intended to make possible just such hold-ups. For having "worked" in most cases only a few minutes longer than eight hours the teamsters, who have been watching for this chance, are demanding \$10 for every instance of such "overtime." If they do not get it they say the law will enable them to "lock" the trustees for not having more vigilantly "guarded their interests."

The Osborne & Cressly Construction Company has been building the new Brea Road in Fullerton. A few of their teamsters appeared in the company offices with absurd demands for the days they had "worked overtime" and, being refused, took the matter to the trustees. When the case came up for hearing note of the complaining witnesses was present and the City Attorney of Fullerton issued subpoenas for their appearance yesterday. It was discovered that their absence was due to the fact that they had been in Los Angeles trying to secure the backing of local unionites.

From their statements, these friends failed them at the crucial time and instead of appearing with facts and figures as to exact dates of overtime the amount of hours worked on the occasions and similar data, they became badly tangled in getting their statements. Other teamsters were called into court to ascertain whether they had worked more than eight hours, and the delay in getting their statements. The only evidence discovered was that there were occasional five to fifteen minute delays in getting their statements. On some days, this being an ordinary thing in all work of the kind.

Officials of the construction company declare that they have been the law in mind and have carefully refrained from breaking it to the extent of giving any reasonable cause for complaint. Three men were named as agitators, the ringleader being Los Angeles unionite who begged for work and on the ground that he had a family to support was given employment. In a few days he started his unionizing agitation and one of the reasons was the filing of charges against his employers.

CARRANZISTAS SEIZE BROKER. Brother of Local Woman Held in Mexico City. Summary Execution Feared; Appeal to Washington. Called a Political Trap for ex-Madero Senator.

News of the arrest of Ignacio Galvan, prominent broker of Mexico City and Senator during the Madero regime in the southern republic, by authorities of Mexico City, acting under orders from Gen. Venustiano Carranza, probably caused a greater stir in Los Angeles than it did in the metropolis of many arrests and executions. When Frank A. Stephenson, wife of a prominent attorney of this city and sister of Senator Galvan, received the telegram telling of the seizure of her brother and his possible execution, she immediately, through her husband, started the wheels of the international political machinery now operating between this country and Mexico. This activity, directed not only towards the Carranza officials of Southern California, but also towards Washington, may result in a request from the United States that Senator Galvan be released pending a fair trial of his case.

Stephenson has received but meager details of the arrest and its cause. A friend, living in Mexico City, sent the startling telegram to her. This message stated the bare fact that Senator Galvan had fallen into a political trap for the old Madero constituency and had been placed in jail. Whether he stands in imminent peril of being executed was not stated, but, as the state of political prisoners in Mexico is well known, Mr. Stephenson fears for her brother's life.

Mr. Stephenson immediately busied himself. His first step was to get in touch with local Carranza representatives. Through other channels, full details of the circumstances and an entreaty that something be done at once was wired to the Secretary of State Lansing at Washington.

"Senor Galvan, my brother-in-law, was a very prominent Senator during the Madero administration," Mr. Stephenson said last night. "While holding such a position he was active in formulating the policies that marked the government of that time. When Madero was overthrown and Gen. Huerta became dictator, Senor Galvan continued in the Senate for a while and was a member of the now historic Mexican Congress that was thrown into jail by the dictator. Shortly following this episode Senor Galvan resigned and retired to private life. For a while he lived in Vera Cruz and then returned to Mexico City."

"My wife received her last word from him two weeks ago. We have been in Mexico here in the last week, and on our return were greeted by this telegram, telling of the arrest."

"Perhaps it is not dangerous. Then, again, it may have a tragic ending. We are doing all we possibly can, and have enlisted the aid of several prominent Mexicans now living here. Our appeal to Washington ought to bring some response. All we ask is a square deal for him. If necessary I will go to Mexico City myself. I do not believe he has done anything wrong. It appears to me to be only a political trap set for the old adherents of the late President Madero, outlined since Gen. Villa has espoused the cause of that unfortunate administration."

Sanily.

TAFI ON EVILS OF PROHIBITION. SHOWS INTENTIONS OF MOVIE APOOF IN CALIFORNIA.

In Talk to Hotel Men Former President Urges Local Option. Whiskey Laws will be Supported and Therefore Enforced—Bondsman Silent on Campaign Policy.

Declaring himself in favor of temperance, former President Taft struck a blow at the intemperance of proposed prohibition in California at the closing banquet of the California Hotel Men's Association convention at Coronado.

"Let's have a system of local option where, in a community, they will support the enforcement of law," the ex-President said to a gathering of the most prominent hotel owners and operators in the State.

The distinguished speaker, who went to Coronado for a rest and to play golf, found himself surrounded at the banquet held Saturday night by the bonifaces of the State. He told the hotel men there is a wonderful profession and one of the most important in California by reason of the fact that so many thousands of persons come here annually.

His declaration against prohibition, which already is mounting to the point where the laws are being enforced, was hailed with delight by the hotel men. His remarks on this question are, in full, as follows:

"I did not mean to speak on any solemn subject tonight, but this morning at the golf club, as we sat over our 'home' necker, the question of prohibition came up. I presume that hotel men are interested in that question. I am very much interested. I don't drink anything myself, but I am a believer in moderation in everything."

"I believe in temperance, and what I want to avoid is that the men who do not believe in temperance and the men who are moderate in their views of everything should not be ground between the top and the nether millstone of the extremes on both sides of that question; that the intolerance, that the tyrannical, political and other wise, of the saloon-keeper, the brewer, distiller influence, the liquor dealers' influence should not rouse the community to a point of indignation where we should have the extremes of a community roused and insisting on doing the same thing to the law and the attempted enforcement of laws that could not in fact be enforced, and then leave us in a demoralized condition where the law is not being enforced."

"Therefore, I am opposed to either saloon-keeper rule or to the extreme of prohibition."

"Now, let's have a system of local option where, in a community, they will support the enforcement of law."

"Let us deal with the matter in a common sense way. Let us deal with human nature as it is. Let us not what the conditions are and then adopt the laws to ameliorate them. Do not put a lot of laws on our statute books that we know our hearts we can't enforce—just an attempt to fool the people."

"It is true that it is pretty hard to steer a medium line. It is pretty hard to recognize abuse and attempt to restrain on the one hand and on the other, to use some remedy that is impossible and an extreme, and to attempt to enforce the same."

The hotel men, returning from the convention, are their way to San Francisco, Oakland and numerous other cities, and all are preserving discreet silence on the question of placing an amendment on the 1916 election ballot permitting them the exclusive sale of liquor at mealtime only. They have adopted a policy of secrecy on this issue, declaring that at the proper time a committee, none of the members of which are known, not even to the hotel men themselves, will finally announce the course to be taken by the hotels.

Sublimely the stand of former President Taft, they are quoting him verbatim.

President Willis of San Francisco, discussing the speech of Mr. Taft, asserted that it would stand largely as a guide to the future actions of the hotel men, and that it was just exactly what was needed to confirm them in their views of the situation.

He denied there is friction among hotel men on the subject, and declared emphatically there has never been a period when the hotel operators have been closer together, or a year when the convention was as great a success, both in the number of those in attendance and in business accomplished for the good of the hotels.

SKATING SCALE OF GAS RATES. Preliminary Hearing Before Railroad Commission. Companies Seeking it; City Strongly Opposes. Held We Should Pay for Just the Heat We Get.

Preparatory to fixing gas rates for the city under the terms of the amendment to the Public Utilities Act, the State Railroad Commission set itself the task yesterday of deciding between a fixed and a sliding scale of heat units as a pattern in future carpentering of rate structures.

Pending the planking down of the commission's platform, the application of the Los Angeles Gas and Electric Corporation and the Southern California Gas Company for simultaneous remodeling of their tariff sheets, and the resulting objection of the city to the proposed tinkering, are to remain temporarily unheard. It is believed, however, that the preliminary matters can be cleared up for the main hearing by November 15.

Arguing that the supply of gas is an inconstant factor, Attorney Herbert J. Goudge of the Los Angeles Gas and Electric Corporation told Commissioner Edgerton that, while it is the desire of the company to furnish gas of the highest possible heating units, conditions might force the temporary use of a lower quality gas. "We ask that rates be fixed according to the heat value of the gas supplied," he said.

City Attorney Stephens emphatically objected to a sliding scale of rates, stating that if necessary to expedite the adoption of a fixed standard of heat values for gas, he would recommend that the City Council rescind all ordinances bearing on the subject. "We are presented with the problem," said Commissioner Edgerton, "of the companies having asked for a rate on 1000-heat-unit gas, without a statement from them that they intend to serve such quality of gas. We would like assurance on this point."

THE MAIN QUESTION.

Continuing, Commissioner Edgerton stated that the main question is whether or not the companies intend to serve all natural gas, which is about 1000-heat-unit value, or a mixed of

IN TROLLEY PARADISE. Delegates to American Railway Convention Guests of this City on Their Way from San Francisco. Leaders in the trolley development of the country are to be the guests of this city following the annual convention of the American Electric Railway Association in San Francisco, October 4 to 8, according to advice received yesterday by the Southern Pacific. The trolley men, 125 in all, will arrive here October 14 in a special train on their way East. They will remain here one day, perhaps two.

Plans are being made by transportation interests here to show the visitors some of the notable transit developments of Southern California. This will supplement the September number of "Electric Traction," which was practically given up to articles on subjects connected with electric operation in what has been aptly called the "transmission man's paradise." Even the "trolley" as a competitor of the trolley cars, received its mead of attention as a Southern California development.

FINE APARTMENT HOTEL TO GO UP. UPON A CHOICE SITE IN THE WESTLAKE DISTRICT.

Permit Asked for Seven-story Structure to Cost Approximately a Hundred and Fifty Thousand Dollars—Largest Project of the Kind in City this Year.

Application was made of the city building department yesterday by Mr. James H. Edmunds for a permit to construct a seven-story reinforced concrete apartment hotel at the northwest corner of Sixth and Lake streets. Several days will necessarily elapse before the department officials will be able to check up the plans and issue the permit. No time, it is announced, will be lost in starting actual building operations after the legal construction formalities have been completed with.

The site of the projected improvement, which is one of the choicest apartment locations in the fashionable Westlake district, has already been cleared of the gasoline station that has occupied the corner a number of months. Plans for the modern structure contemplated were completed several weeks ago by John Parkinson, and the contract, although unsigned, is understood to have been awarded to the Alta Planning Mill Company of this city.

The building, which will cost approximately \$150,000, without its furnishings, will in reality have a height equivalent to eight stories, its base-

Carl A. Preyer
Pianist, Composer and Teacher

Prof. Preyer received his musical education in Germany, having studied under the best instructors in both Berlin and Vienna. For the past twenty-three years he has been at the head of the Piano Department of Music in the University of Kansas. Mr. Preyer is also Associate Dean of the School of Fine Arts in Lawrence, Kan.

Among the most notable of his compositions are Scherzo in B flat minor and Concertstück for Piano and Orchestra.

He has appeared in recital and with the Minneapolis, Chicago and Kansas City Symphony Orchestras.

Prof. Preyer is visiting in Los Angeles at present and as usual arranged for the Chickering piano for his personal use while here. His letter below should interest you.

The Southern California Music Co., Los Angeles, Calif.

Gentlemen:—

It is a privilege to have the opportunity to speak of my very high regard for the Chickering Piano and the beautiful quality of its tone.

During the past twenty-five years I have used this instrument in teaching and in recitals and have found it a constant inspiration and delight.

It has an absolutely faultless scale, perfect action and responds fully to the most exacting demands of a pianist.

I am very glad to see the Chickering Piano so universally indorsed and appreciated by the music lovers of Southern California.

Very respectfully yours,

Carl A. Preyer

We invite your inspection of our complete line of Chickering Pianos

Boyle Heights Case.

DENY COERCION;
TO TRY ROBBER.No Third Degree, Say Police
in Justice's Court.Juber is Held in Default of
Five Thousand Bonds.Whole Story of Robbery and
Confession Reviewed.

William Juber must stand trial in the Superior Court on the charge of being one of the robbers who held up the Boyle Heights Bank. He was held for appearance by Justice Brown yesterday afternoon and his bail was fixed at \$5000. In default he was returned to the County Jail, where he has been since having been brought back from San Francisco, where he was captured.

Juber's preliminary hearing brought forth a review of the whole sordid

admitted the facts after I had proved them," said Juber.

"Did you torture him?" asked Juber's attorney.

"I did not."

"Did you twist his wounded arm?" continued the attorney.

"Certainly, I did not," replied the officer.

The story was told how Detective Dolan impersonated an official of the Boyle Heights Bank, and assumed to recognize Juber, and of Juber saying: "I see you've got it on me—I'll admit it."

A letter was found containing the address of a Russian girl, who was taken to the station, where she recognized Juber, who had visited her. He saw her talking with the officers and told them that, as he believed the girl had told all she knew, he would be willing to show the house where the other two robbers were hiding.

"Charlie" escaped and the details of the battle with Nelson were touched upon but lightly.

Detective Dolan told of his part in the examination of Juber. The statement was taken to be used before the Coroner's jury after Nelson's death.

"He voluntarily signed the statement," said Dolan.

Detective Kalenbach's testimony was of similar import.

The existence of this statement was brought out by the attorneys for the defense, but it was filed as an exhibit on the part of the State by Deputy District Attorney Shelley.

Detective Boave told of the confession made by Juber after return here.

A Time of Safety

These are times when the safety of your money is the all-important thing. An institution that has proved to be safe and reliable in the past is the only kind with whom you would care to invest.

The records of this institution cover more than 26 years of business activities and show conclusively that money invested with us is safe.

A great deal has happened in the past 26 years to test our resources and in all that time we have never failed to meet every demand when due. This means both that your principal will be safe with us and that the liberal 6 per cent interest will always be paid promptly.

Investigate our 6 per cent \$100 Certificates thoroughly. Call or write for information.

(Continued from First Page.)

ment floor being but little below the ground level. It will cover a space of about 100 feet square, and will contain 120 rooms.

The improvement is the largest and most up-to-date of its character projected during the present year in Los Angeles, and will be a noteworthy addition to the apartment and hotel facilities of the Westlake district. The structure will overlook Westlake Park and will stand directly across Lake street from the Hotel Leighton.

EARLY SETTLER WINS.

General Land Office Affirms Judgment in Favor of Imperial Valley Station Agent—Case Important.

Richard H. Hobgood, who went to the Imperial Valley when that section was a wild mass of sand, cactus and grass-wood, and accepted employment as station agent of the Southern Pacific Railroad Company, at Imperial Junction, has won a notable victory in a decision of the General Land Office affirming the judgment of the local land officials, in his favor. The contest had been brought against forty acres of land by Mrs. Ada L. Wilkinson. Judges held that land within the boundaries of Niland is worth not less than \$3000 an acre.

The dispute arose over a difference in the Henderson survey of 1904, and what is known as the government survey in 1856. The contention of Hobgood was confirmed in all particulars. It is said that the land is the most valuable, the rights to which were adjudicated, of any in the history of the local Land Office. On that account the contest of Mrs. Wilkinson was strongly urged and defended.

FORGES BROTHER'S NAME.

Member of Owensmouth Family, Arrested by Private Detective, Faces Bad Record at Police Station.

Canby Bell, a member of the pioneer Bell family of Owensmouth, was arrested yesterday by Detective Olney of the Nick Harris detective, on a charge of having passed checks bearing the forged signature of his brother, Charles A. Bell. The arrest was made in Long Beach.

Records in the police department show that the man has circulated more than ten forged checks, receiving \$200 in cash. He is also wanted on a warrant for having issued a false check for \$80 to a grocer in Owensmouth.

FIGHT ON "DRY" ORDINANCE.

In the District Court of Appeal yesterday a petition for writ of habeas corpus in the case of M. B. Ahart, involving the legality of the city ordinance of Covina on the liquor question, was submitted. The ordinance makes it a misdemeanor for any one to take liquor to a prohibited place, without specifying that it must be so taken for an illegal purpose, and this section is the subject of attack.

MERCHANT SHOT
IN COLD BLOOD

Angered by Small Yield Till, Robber Fires.

Takes Money and Flees with Companion in Auto.

Grocer's Body Pierced; Succumb to Wound.

Shot and perhaps fatally wounded by one of two bandits, who held him helpless in the rear of his grocery store in Florence late last night, Mr. Kantrilich, 58 years of age, fell into the arms of his wife while the robbers coolly extracted \$13 from the cash register and fled.

He was taken to the Receiving Hospital in a passing automobile owned and driven by Ben Paltian, No. 22 West Fifty-sixth street. Surgeon found a bullet had entered the merchant's left side just below the belt and passed through his body. The believe he could not live.

The bandits, according to Mr. Kantrilich's broken story, told in the Receiving Hospital, walked into his store at May and Florence streets just as he was closing up. They both drew revolvers and ordered him to get up his hands.

Backing into the rear of his store, Mr. Kantrilich held his hands above his head and told the robbers he would not resist. One of them went to the cash drawer and the other kept the grocer covered.

"Shoot him down!" cried the man at the drawer. "He has only got \$13."

The second bandit, without a word, fired a shot from a .45-caliber revolver at close range, into Mr. Kantrilich's side, and watched the merchant collapse into the arms of his wife. She had been roused from sleep in an upstairs room and had just reached her husband's side.

The two men then seized the money from the cash drawer and backed from the store. Mrs. Kantrilich heard an automobile driven away.

Harold Kantrilich, the couple's 19-year-old son, who had been away from the store at the time of the shooting, returned, and was sent by his mother for help. He called the automobile that carried the wounded man to the hospital.

A squad of deputies from the Sheriff's office and police from Central Police Station took up the search for the robbers.

Police detectives last night declared they are at a loss to explain the shooting in cold blood, unless the bandits were angry because they secured so little cash. The wounded man and his wife were unable to give a good description of the pair. They declared, however, that both were very young. They were not masked and both carried heavy revolvers.

Sartorial.

WELL-CLAD MEN EVERYWHERE

EFFECT OF "DRESS-UP WEEK" QUICKLY EVIDENT.

New Hats, Shoes and Suits Brighten Broadway's Passing Crowd—Everyday Wearing His Best in the Business House. Grand Parade for Saturday.

Although "Dress-up Week" is still very young, the impression this movement is making upon the men of Los Angeles is already noticed. A casual observer, passing along Broadway yesterday afternoon or evening, could have sworn that something had happened to the passers-by. The women were as well groomed as usual, and just as attractive. It was their male escorts that the change could be noticed. New hats, new shoes and new suits predominated. Here and there was an old suit, but its owner seemed to feel as much out of place as he looked.

A peculiar angle of the spruce-up campaign was manifested in the business houses of the city. Every clerk and other employee appeared at work dressed in his best. It is planned that as the week passes the city shall gradually have more and more well-dressed citizens, radiating property and self-assurance. There will probably be a review Saturday afternoon and evening, and if it is held new precedents for sartorial elegance are expected.

FOR BELOVED PRELATE.

Large Congregation at Solemn Requiem Mass as Our Lady, Queen of Angels.

Honoring the memory of the late Bishop Conaty, the congregation of Our Lady, Queen of the Angels, and Southern California, crowded the old Mission Church yesterday morning to attend the solemn requiem mass celebrated by the Very Rev. F. Cepeda, Provincial of the missionary fathers. He was assisted by Deacon Rev. M. C. Herrera, Father Eugene Burgesse delivered the memorial oration, and Most Rev. Francisco Mendosa, Archbishop of Durango, Mex., gave the benediction. The church was decorated in black, purple and white.

PHYSICIAN BAGS DEER.

Returning from the San Bernardino mountains yesterday, a noted deer hunter, Dr. W. C. Brigham of the Ferguson Building brought back as a hunting trophy a six-point stag, which he bagged Sunday morning. Inviting a party of fifteen friends, he proved to their effect palate that no deer was ever so delicious as the one he had bagged. The dinner was given at the Pith Cafe.

ADMITTED TO PRACTICE.

The following attorneys were admitted to practice on motion in the District Court of Appeal yesterday: Thomas J. Prescott, George Ryan, John M. Fairchild, Fred Filding, John L. Enjo, James H. Williams, Ernest L. Fitzpatrick, Everett H. Bowen and Thomas R. Reed.

Eight Men—

Out of ten who have bank accounts OWN THEIR HOMES.

Look about your community and you will find thrift and the bank book go hand-in-hand.

The man who is today placing his "rent" money into a home that some day will be his, is working for himself instead of for some landlord.

A few years from now he will be \$1500 to \$2000 ahead of the renter.

Which will you be?

A renter, or an OWNER—the same money each month, but paid to yourself instead of to a landlord.

Does it pay?

Ask anyone of the hundreds we have sold to. Many have re-sold and bought again making a profit on the transaction.

Start today—stop "paying," and "invest" your rent—investigate one of these cosy homes.

\$1850 4 rooms, bath and screen porch, well arranged, improved lot, 22 minutes from Broadway. \$75 cash and \$18.50 a month. Interest included.

\$2350 5 rooms, bath and screen porch—a real home, fine grounds; 22 minutes' car ride. \$100 down and \$20 a month—interest included.

\$2850 A beautiful home—20 minutes' ride—5 rooms, bath and attractive Dutch breakfast room. Surrounded by classy bungalows. Small payment and \$25 a month.

Call or phone—our machines are at your call—go with us and see for yourself.

FOR BELOVED PRELATE.

Large congregation at Solemn Requiem Mass at Our Lady, Queen of the Angels.
Honoring the memory of the late Bishop, Count, the congregation of Our Lady, Queen of the Angels, and faithful persons from all parts of Southern California, crowded the old church yesterday morning to attend the solemn requiem mass celebrated by the Very Rev. F. Cepeda, minister of the missionary fathers. He was assisted by Deacon Rev. M. J. Rivera, Father Eugene Sugraves, and the memorial oration, and the conclusion of the mass, the Rev. Fr. Francisco Mendonza, Archbishop of Durango, Mex., gave the benediction. There was a large number of priests in the sanctuary. The church was decorated in white, purple and white.

PHYSICIAN BAGS DEER.

Returning from the San Bernardino mountains yesterday morning after a week's vacation, Dr. W. C. Brigham of the Ferguson building brought back as a hunting trophy a six-point deer which he bagged Sunday morning. Inviting a party of fifteen friends, he served to their affable palate that deer which a surgeon can survive. The dinner was given at the Pitch Cafe.

ADMITTED TO PRACTICE.

The following attorneys were admitted to practice on motion in the District Court of Appeal yesterday: Thomas J. Prescott, George Ryan, John M. Loveloy, James H. Williams, Emmett L. Fitzpatrick, Everett E. Brown and Thomas B. Reed.

MRS. PENFIELD THANKS YOU.

Generosity of "Times" Readers
Saves Little Family from
Being Separated.

Her little family saved to her from the segregation threatened by organized charity as the only practicable means of relieving its straits, Mrs. M. E. Penfield of No. 431 South Gleason street called on The Times yesterday to request that this means be employed to convey her thanks and those of her daughter and grandchildren to the many anonymous donors who have contributed to their relief since the publication in The Times of an account of their difficulties. To this The Times desires to add expression of its own appreciation.

The Times has received, acknowledged and forwarded to Mrs. Penfield \$45, which includes \$1 given yesterday by "A Friend." Mrs. Penfield has received directly something more than \$25, making a total of about \$80 in cash, besides some groceries and other articles. The money has been given, for the most part, in small sums by persons themselves far from well-to-do. Where addresses have been given, Mrs. Penfield has written personal letters of thanks. To others she is expressing her gratitude through this notice, adding that the money has enabled her to defray long-standing arrears of debt and to purchase a modest stock of food and clothing.

Gas Rates.

(Continued from First Page.)

lower heating value. Except in a very limited degree, gas of 1000 heat-units is not being served.

Attorney Goudge stated in reply to this that the gas companies are not free agents in this matter, as their efforts are circumscribed by both the limited quantity of natural gas offered for sale and by possible variations in the price asked for it. Because of these things, he stated, the companies must of necessity keep their artificial gas plants in operation, thus adding an overhead cost that must be considered in any rate-fixing.

Immediately following the going into effect of the constitutional amendment which gave the commission supreme power in fixing all rates within municipalities, the Los Angeles Gas and Electric Corporation filed an application with the body asking for authority to charge according to the heat units, which the company stated it proposed to increase.

This application was followed by one of similar import by the Southern California Gas Company, asking for a readjustment of rates in portions of Los Angeles, San Bernardino and Riverside counties including the cities and towns of San Fernando, Burbank, Glendale, Eagle Rock, Tropic, Beverly Hills, Sawtelle, Vernon, Compton, Redondo Beach, Long Beach, San Bernardino, Rialto, Colton and Riverside.

With both these applications before the commission, the city of Los Angeles laid a complaint against the two companies, saying: "The gas companies mentioned are now and for more than twelve months past have been furnishing gas at 800 British thermal units quality for the purpose of supplying heat and light to the city of Los Angeles and the inhabitants thereof and are now charging therefor 68 cents per 1000 cubic feet. The above rate is greatly in excess of a just and equitable rate. The city of Los Angeles believes that the gas companies can conveniently supply natural gas, unadulterated with manufactured gas, and that there is a supply thereof convenient and available for all demands."

ASK SLIDING SCALE.
In reply to the city's statements, the companies asserted that neither could they supply all natural gas nor had the 68-cent rate been found "rea-

sonably remunerative." In their petitions to the commission, they asked that "remunerative" rates be fixed for gas of not less than 1000 British thermal units, gas of less than 1000 but not less than 900, gas of less than 900 but not less than 800 and gas of less than 800 units. The British thermal unit is the quantity of heat necessary to raise one pound of pure water 1 deg. Fahrenheit when the water is at or near 39 deg. Fahrenheit.

Asserting that the rates fixed by the city are actually confiscatory, the Los Angeles Gas and Electric Corporation suggested that rates be not only raised, but that a fair method of rate fixing would be the monthly averages of consumption, as circumstances might slightly vary the quality of the gas.

The natural gas comes in great part from a single transmission pipe, 112 miles long, from the Midway fields. A very small portion comes from the fields of the Rancho La Brea. A break in this transmission pipe, the companies state, has already been proved a possibility. At present there is not available more than 38,000,000 cubic feet of natural gas, and but 28,000,000 of this is subject to transmission here, whereas the "peak load" of demand in winter approximates that of the entire supply.

The Los Angeles Gas and Electric Corporation also, while reiterating its desire to furnish gas of the highest heating value, stated that the entire use of natural gas would decrease consumption by 20 per cent, as four-fifths of the amount now used would furnish the same heat. It further stated that it must be compensated for this loss, in the event natural gas comes into exclusive use.

An appraisal which the city has made of the property of the Los Angeles Gas and Electric Corporation caused some discussion between representatives of the city and the gas company. City Attorney Stephens finally agreed to furnish copies to the attorneys for the gas companies in return for data that they will submit for consideration at the November hearing.

BANDIT CONFESSIONS.

Police now have Evidence Against
Four Desperate Prisoners and Seek
Girl Accomplice.

By the confession of Cecil Murray, the four bandits arrested for holding up oil supply stations, have been identified as the most desperate and active thugs that have come into the custody of the police in years. They are the perpetrators of possibly fifty hold-ups, and have lost valued at more than \$10,000 awaiting sale so they can realize ready funds.

One of their "fences" is known to the police and a search for the man was in progress yesterday afternoon. One lot was found filled with the parts of automobiles they had stolen, and other places have been indicated, where they sold other valuable articles.

The accomplices of Murray are George Kauden, J. J. Higgins and Joe Gionelli. They were assisted by Lucille Murphy, for whom the police are now searching.

Some of the hold-ups Murphy recalls in detail are Frank Varillo, No. 4439 East First street; Augustine Gomez, No. 124 Wellington street; street car at Athens on the Hill; F. A. Winchester, No. 604 1/2 Maple avenue; W. E. Cutler, No. 2180 North Main street; J. D. Browning, No. 484 Fern place; Horace A. Jackson, No. 1607 Trinity street; E. L. Steinberger, No. 1713 Harvard boulevard; Fred Penny, No. 1237 East Fifty-seventh street; Ralph Johnson, No. 1563 West Thirty-fifth street; H. Havamie, No. 120 North San Pedro street, and another street car on September 5.

ANNUAL DINNER.

The Los Angeles section, American Institute of Electrical Engineers, will have its annual dinner at Christopher's tomorrow evening at 8:30 o'clock. Ralph W. Pope, honorary secretary of the institute, and other eastern members, are expected to attend.

Household Accounting

is greatly facilitated by our 3% savings account with checking privileges.

The owner of one of these accounts is enabled to hand each tradesman the exact amount of his bill in form of a check.

These checks may be obtained from the Bank each month after they have been paid, together with a statement, thereby furnishing indisputable receipts and records.

Interest at the rate of 3% per annum is credited monthly upon these accounts, provided minimum balance does not fall below \$300.

You may bank with us by mail. Send for booklet. Branch or Main Office.

WOMEN'S WORK.

WOMEN'S CLUBS.

The musical tea, which will be

from 3 to 4:30 o'clock at the

afternoon by

twenty active

members of the

Club to the

members, promises to be of

interest. Mrs. Carleton

Mrs. George Howard, Mrs.

Conte, Mrs. Herbert H.

Oscar Nissen and Frances

Potts will participate in the

program, which opens the

activities for these local musi-

cians.

Details are scheduled for the

and fourth Wednesdays of each

month throughout the winter season,

to be held at the Alexandria, with

an active member responsible for

the special program.

In May a festival concert, consist-

ing of choruses, orchestral numbers,

string quartets and piano

trios, will be a brilliant event, when

the first time unpublished com-

positions from affiliated members

will have their initial public presen-

tation. Mrs. Frances Close Potts is

an efficient chairman of the

celebrated composers

all over America are to

among them Carl Busch,

Alex. Wachtmeister, Charles

Chapman, F. La Forge,

Kroeger, Roy La Mont Smith,

Homar, Horatio Parker,

Moore, Frederick Bruesch,

Pennington, Frank

Henry Schoenfeld, Mrs. Ella

and others.

Throughout the year published

compositions of these people will

be heard, but it is rather un-

usual to have the privilege of

hearing unpublished manuscripts

will be done in May. To

anticipation, the Schubert

society of forty solo voices

will be heard.

Members of the club for 1915-16 are:

Mrs. T. Anderson, president; Mrs.

Wright, vice-president;

Mrs. Sargent, recording secre-

tary; Mrs. N. Hall, correspond-

ent; Mrs. Stanley,

treasurer.

Excursion Study Club Picnic.

Excursion Study Club members

will enjoy tomorrow the

charming day picnic

at South Park, where they are to

assemble at 10 o'clock with well-

elaborate entertainment in

the afternoon. The picnic

will be held at 2 o'clock, at the

club house, where they will

have a week from tomorrow, Oc-

tober 1, at 1 p.m. In The Times as-

sembly.

Reception by Badger Club.

The California Badger Club will

have a reception at the home of its president,

Mr. Harrison Ward, No. 2707

avenue, tomorrow afternoon

at 2 o'clock. The reception

will be held at 2 o'clock, at the

club house, where they will

have a week from tomorrow, Oc-

tober 1, at 1 p.m. In The Times as-

sembly.

Barred from Ballot.

(Continued from First Page.)

vision has been made for the canvass

of the vote, and it is doubtful if the

Council would have the right, un-

der the law, to canvass the ballots

that are first canvassed by the

Supervisors, sitting at a canvassing

board.

Then other technical provisions of

the election laws are cited as a bar

to just such action as the Council

now proposes.

DELIVING DEEP.

These questions will be raised with

the Supervisors and with the Council

today. County Counsel Hill and a

number of deputies last night went

into the election laws to ascertain if

the city bonding propositions may

legally be given a place on the Oc-

tober 26 ballot, and they will make

known their decision to the Super-

visors this morning.

City Attorney Stephens and City

Clerk Wilde were also apprised of

the question raised over the

validity of the proposed election, and

today the legal minds of the city and

county will try to arrive at a deter-

mination that will settle the question.

D. Joseph Coyne, an attorney, who

was chairman of the committee in

charge of the two-platoon movement

at the recent city election, and who

is now contesting the right of the

Council to pass a resolution placing

the repeal ordinance upon the Oc-

tober ballot, last night raised still

another question. He declares that

under the city charter, the Council

must allow ten days in which to in-

voke the referendum against any of

its acts, and that this charter pro-

vision must be violated if the Council

orders the two-platoon repeal upon

the ballot.

President Betkowski and Council-

men Wheeler and Wright appeared

before the Supervisors yesterday with

the request that the Registrar of Voters

withhold sending the final sam-

ple ballot to the printer until an or-

derance can be passed by the Coun-

cil, placing the two-platoon fire or-

derance repeal upon the ballot.

About 18,000 names have been filed

to petitions to initiate the repeal or-

derance, but as experience shows, only

about 10 per cent of the total number

are checked as sufficient. It is

not believed that the circulators will

win in their efforts. Anticipating a

failure in this regard, the Council

men endeavored yesterday afternoon

to rather a quorum of the Council

and ask that body to submit the re-

peal to the people.

GAIN A DELAY.

Failing in that, the Councilmen

procured the consent of the Supervi-

sors and the Registrar of Voters to

wait until Wednesday before the final

ballot is sent to the printer. Mr. Mc-

Aleer must, under the law, begin mail-

ing the sample ballots on October 1.

In each envelope containing a sam-

ple ballot will go a copy of the nine

constitutional amendments and the two

referendums against the anti-party

laws.

By mailing the sample ballots with

this pamphlet, Mr. McAleer hopes to

save the county about \$5000, which

could not be saved if they were mailed

separately.

Councilmen, who during the recent

campaign proclaimed their very great

desire to see the two-platoon or-

SMITH SAYS AUSTRALIANS ROBBED HIM OF TITLE.

JEFF SMITH IS MUCH AGITATED.

Declares that Snowy Baker Swindled Him.

Forfeited His End of the Purse, He Says.

Because He Fouled the Big Favorite.

[BY DIRECT WIRE—EXCLUSIVE DISPATCH.]
SAN FRANCISCO BUREAU OF THE TIMES, Sept. 27.—Charles Snowy Baker, the Australian boxing promoter, with perpetrating the most gigantic swindle in forfeiting his end of the purse and disqualifying him from the Australian ring. Jeff Smith, the New York middleweight, and his wife and baby arrived in San Francisco today and gave his version of his bout with Les Darcy, who was given the verdict in the second round on a foul.

Smith is naturally very bitter in condemning the treatment that he received across the pond. He carried his troubles into court, but, after four days of a sensational trial, the case went against him. His manager, Al Lippe, remained behind, however, to secure an appeal from the decision and to fight the case further.

"There was a clear case of collusion on the part of the Bakers to pass the championship to Darcy," said Smith. "It created an Australian title holder and made an attraction for the boxing game, which was anything but promising. Fox Snowy Baker figured he could put over the proposition, and he succeeded, for Darcy is now the idol of Australia. That Darcy admitted he did not feel a foul blow struck, and that the decision in his favor was a big surprise, was proven in court. We introduced a dozen witnesses who heard him say so.

"To illustrate that I was sincere in my contentions of being on the square I fought the case and clamored for a return match with Darcy, with my share of the purse to go to charity. The Bakers took good care, however, to guard against losing their home-made champion, and when the case went against me, I became disgusted and took the boat for home.

"We lost the case on one point." Further explains Smith:

"In our contract was a sentence to the effect that if, in the opinion of the referee or promoter, I should commit a deliberate foul I should be disqualified and forfeit my end of the purse. Well, the Bakers got up and swore that I deliberately fouled, and they were backed up by the contract. Lippe made a mistake in signing that. The whole affair was so raw that it disgusted me. I see red every time I think of what Snowy Baker and his brother did."

Jeff Smith and his family intend to stay in San Francisco a week or ten days to await the arrival of Lippe. Then he plans to go East and kick a twenty-round match with Mike Gibbons for the middleweight championship.

The Australian papers which have come to hand devoted great space to the case, and all the evidence in detail was given.

Manager Lippe charged Snowy Baker with giving his brother the office to render his decision. There was also some contradictory evidence.

Official Announcement.

SPEED LAWS REVISED TO TAKE IN SAN FERNANDO.

Amendment Adopted Which Allows Twenty-five-mile Speed in San Fernando Valley, Bairdstown and Palms. Also Allows the Use of Open Mufflers in These Districts—Speed Limit Outside County Thirty Miles.

SPEED limits for motorists in the San Fernando Valley and recently annexed sections of Los Angeles have been changed to comply with those holding at the present time in Los Angeles county.

This step has been taken by the City Council following action taken by officials of the Automobile Club of Southern California and the club's legal department, in behalf of the great number of touring parties now enjoying the splendid highways throughout the San Fernando district.

It is now not necessary to keep the mufflers closed in that section of the valley recently annexed, although it is really a part of the city proper. Under the old law it was unlawful to use a muffler cut out anywhere in the city limits of Los Angeles. Now the San Fernando section is exempt.

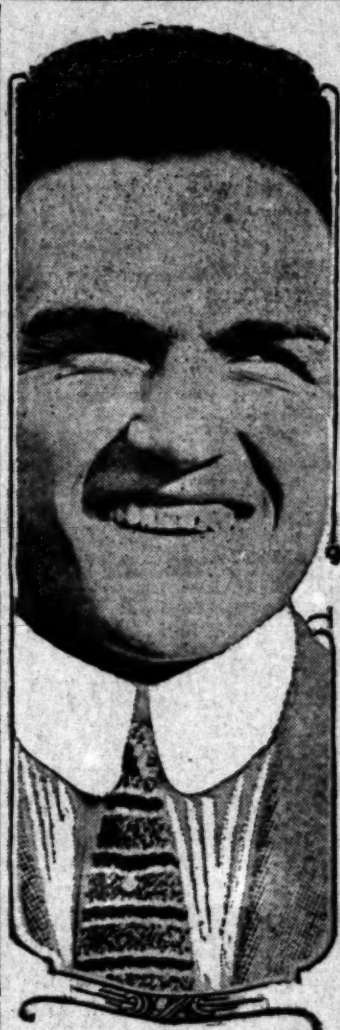

As pointed out by Secretary Mitchell of the Auto Club, the speed limits of the San Fernando Valley would have automatically fallen under the city law, and so in order to make the step legal an amendment was necessary. The valley boulevards are practically clear of obstructions and the curves are wide, making a more reasonable limit possible.

The speed regulations have been amended so that now the motorist may ride at twenty-five miles an hour instead of twenty, as in the city under the law. This action by the City Council was taken after the matter was presented by Councilman Conwell. The Auto Club deemed the action necessary because of the wonderful sweep of the valley and the length of the concrete and macadamized boulevards.

As amended, the law now reads: "Any person who shall ride, drive or propel or who shall cause or permit to be ridden, driven or propelled any vehicle at a greater rate of speed than 25 (twenty-five) miles per hour in that portion of the city known as 'Palms,' 'Bairdstown' or 'San Fernando Valley,' shall be deemed guilty of a misdemeanor, and upon conviction thereof shall be punishable as in this section provided."

The Automobile Club of Southern California will take steps to mark the boundary lines with regulation sign posts warning motorists where the change in country, State and city speed regulations takes place. Confusion will thus be avoided in the minds of many local motorists as well as the thousands of eastern visitors now touring in Southern California.

For the reminding of the general public, the Auto Club yesterday re-announced that State speed limits are thirty miles per hour, but that this does not apply in Los Angeles county, where by special ordinance the limit has been lowered to twenty-five. In the city, except in those congested districts so marked by the club, the limit is twenty miles per hour.

Jeff Smith.

American middleweight, who alleges he has "done wrong" in Australia.

brought out, the referee claiming that the foul blow was delivered with the right hand, while Darcy testified that it was a left-hand punch. It was evident that the case was bitterly fought.

JOE GEDEON TIES DELEHANTY'S MARK

Joe Gedeon, second-matcher on the Salt Lake team, Sunday tied the record for two-base hits by slugging out his fifty-sixth double. The record was made in 1899 by Delehanty of the Philadelphia Nationals.

The American League record of fifty-three doubles is held by Tris Speaker.

FOOTBALL CLAIMS FIRST VICTIM.

[BY A P. NIGHT WIRE.]
LIMA (O.) Sept. 27.—The first fatality in connection with the present football season was recorded today when Don Applas, 15, prospective guard on the Lima High School team, died from injuries received in a practice game.

TY COBB SAYS RED SOX HAVE WON THE PENNANT BY UNFAIR METHODS.

[BY DIRECT WIRE—EXCLUSIVE DISPATCH.]

NEW YORK, Sept. 27.—That the Boston Red Sox have won the American League pennant this year by unfair methods is the charge made by Ty Cobb of the Detroit Tigers in a signed article in the New York Evening World today. Cobb says:

"When my club went to Boston to play the last series of the season with the Red Sox we met the most unsportsmanlike reception from the newspapers, the ball club and the fans a team has ever received since I have been in the big league, as far as I know. And this is supposed to be the 'city of kultur.'"

"I blame the whole riot (and I am calling things by their right names) on two baseball reporters on Boston papers. These two men spoke to thousands through their papers each day and ran the stories that put the Tigers in bad with the Boston public.

"It is baseball history that Boston won the pennant from the Athletics in 1912 by 'pegging' at batters. The pitchers would keep throwing the ball at the heads of the Philadelphia players, especially the two stars, Collins and Baker, so that they would have to drop flat to avoid being hit.

"Perhaps some fans think I am trying to alibi our defeat. I am not. It is a tough strain in a long race to fight all the way up to one critical series and then be forced to play it under the conditions we faced in Boston. It seems to me it was a very bad way for Mr. Lannin to handle his club."

MOGUL SHIPKEY TO RETURN.

The missing link

In the Occidental College variety line, who says he will show up at the Tiger Institute this afternoon and try to make the team. His name is Mogul Shipkey.

ELLIS JOHNSON LOST TO DOC WHITE FOR SEASON.

ELLIS JOHNSON, Vernon's leading pitcher, will leave for Minneapolis this morning. He received word yesterday of the death of his sister, Theresa, in that city.

Johnson is broken up over the news of the death. He said yesterday that he could not imagine what could have been the matter. His sister was 25 years of age and had never been sick in her life.

Ellis Johnson will not return this season. His loss will be a serious blow to the Vernon Tigers. He was easily the most effective of their twirlers. He pitched the only game that Vernon won last week from Salt Lake. He allowed only two hits.

He was just beginning to be of aid to Vernon. Earlier in the season he was on the injured list with a sore arm. It was only four weeks ago that he was taken off the hospital corps. He has been in form only the last two weeks.

His loss is especially serious at this

CITY SERIES AT CHICAGO OCTOBER 6

COMISKY AND THOMAS IGNORE REQUEST OF THE FEEDS FOR GAMES.

[BY A P. NIGHT WIRE.]
CHICAGO, Sept. 27.—The annual series of baseball games for the championship of Chicago will begin Wednesday, October 6. The first game will be played at the American National League grounds.

President Comiskey of the White Sox and President Thomas of the National League arranged the details today, and as was forecast, ignored the request of the Federal League to make the series three-cornered. The schedule provided for seven games.

MFARLAND WILL TRY A COMEBACK.

PACKY FEARS THE PUBLIC WILL THINK HIM A BACK NUMBER.

Packy McFarland has announced his intention of attempting a comeback. Inside of the next two months he will again be seen in the ring. Packy is afraid the boxing public will take him for a back number and wishes to conclusively demonstrate that he is still as good as he was several years ago.

BOOBY PRIZE TO BE CONTESTED.

OAKLAND AND PORTLAND WILL SETTLE THE CELLAR CHAMPIONSHIP.

Oakland and Portland will settle the cellar championship at Portland this week. The Oaks are now one game ahead, and McCredie's pets must cop four of the series to get clear of the basement. Things look rather slim for McCredie since the Oaks seem to have landed on a winning streak.

TITLE BOUTS AT L.A.A.C.

Official sanction has been granted the Los Angeles Athletic Club to hold the Pacific Coast amateur boxing championships here on November 12 and 13.

Mr. Wad Thought that He Had Found an Admirer of Our Pensive Palms!

By Gale

Los Angeles, Cal.
Sept. 25, 1915

Dear Mr. Wad,

I am surprised that a man of your usually alert mentality would be so long in finding out what kind of Palms our business section is growing under. Why, your own "P.S." ought to tell you! They are

P.S.
Public Spittouns!

Yours truly,
An Admirer.

Mike Gibbons Really Peeved.

Challenges Packy McFarland to Another Bout.

Chicago Boy is Using Him for Publicity.

Admits He Was Weak in Last Big Bout.

NEW YORK BUREAU OF THE TIMES, Sept. 27.—In a letter to the editor of the Evening Sun, Mike Gibbons challenges Packy McFarland to another bout. Gibbons says he is going to use only first round boxing, and will use only first round boxing, and will use only first round boxing.

Gibbons admits that he was hardly able to crawl through the ropes when he was knocked out by McFarland. He says he is going to use only first round boxing, and will use only first round boxing.

Battling Ortega to Meet Doll.

Boxing Promises Seven Classic Bout at Vernon.

With Mike Doll and Battling Ortega in the main event, Jack Doyle promises to stage seven bouts at his Vernon arena tonight. Doll fought Ortega in the main attraction last week.

The first event on the two-bit program will begin at 8:30 o'clock.

Manuel to Play at Santa Barbara.

Game Set for November 20; Return Battle to Be Held Here Later.

Plans have been definitely arranged for sending the Manuel football squad to Santa Barbara to meet the Channel City squad in a practice game on November 20.

Santa Barbara has played American football for a number of years and have put out some strong teams.

This year they have a number of last year's men on their squad and should give the Follies a real battle on their own field.

A return game will be played on the Manuel field with the northerners later in the season, but the date has not yet been announced.

George Pickrel has also returned from Big Bear. According to him the fishing is good there but the period of unsettled weather is beginning.

Dr. Berbeck and wife and Walter Steele leave today for San Francisco.

Some Shot.

NEW SHOOTING MARK IS SET.

Two Hundred and Forty-one Birds Without Miss.

Goes Entire Programme and no Lost Bird.

California Professional is in Trap Shoot.

PORTLAND (Or.) Sept. 27.—Such shooting as exhibited by Peter H. O'Brien, the famous Portland amateur trapshooter, in the registered tournament of the Portland Gun Club here today has not been duplicated on the Pacific Coast, for Pete made a straight run of 241 broken clay birds before he made a miss.

This run of 241 is said to be a record for the Pacific Coast. The Portland Gun Club had an unfinished run of the day to start out with this morning.

In the regular event he went 150 birds without a skip and then in the special fifty-bird race he finished with a "lost" bird.

Among the professionals H. E. Poston of San Francisco and F. J. Holohan of Portland were tied with a score of 147, while Frank C. Reith of Tacoma came next, two birds behind. Reith made the high run among the professional blue rock smashers with 84, while H. E. Poston with 78 and F. J. Holohan with 73 followed closely.

TRACK RECORD HAS A CLOSE CALL.

JAY ELMACK SPEEDS IN PACE ON GREAT WESTERN CIRCUIT.

SEATTLE (Wa.) Sept. 27.—In the first heat of the 2:00 pace, purse \$1000, at the Seattle meet of the Great Western Circuit, Jay Elmack, driven by Wilson, came within a half-second of the track record of 2:04 1-4, finishing the mile in 2:04 3-4.

Black Squaw, (Brightfield) won the race with Jay Elmack second; May Direct, (Taylor) finished third. Best time 2:04 3-4.

Summaries: Three-year-old futurity, trot, \$500; Last Street won; Lola Asworth, second; Della Swanson, third. Best time 2:12 1-4.

Three-year-old futurity, pace, \$500; Missouri Earl won; Southern Final second; Lady Blacklock third. Best time 2:15 1-4.

UMPIRES TO SPEND THE WINTER HERE.

MURRAY AND KELLY OF MINOR LEAGUE ARE STOPPING AT OCEAN PARK.

Jim Murray of the American Association and Tom Kelly of the International League—two of the most famous minor league umpires—are in Los Angeles for the winter. Both of the officials are stopping at Ocean Park and will umpire several games while here.

EXAMINATION FOR FOOTBALL SQUAD.

MANUAL ARTS MEN WILL BE QUESTIONED ON THE GAME.

Coach Fritsch of Manual has hit upon a unique plan to cull the unit from among the ranks of his football squad. He will give a personal examination to each candidate and no one who does not display a good grasp of football knowledge will be permitted on either the first or second teams.

FOLEY ANNOUNCES SCHEDULE FOR RAILSPITTER TEAM.

Over forty men are out daily with the Lincoln High football squad. Coach Foley thinks that he will have little trouble bringing home the bacon in the County League.

The Lincoln schedule, announced yesterday, is as follows: October 9, Harvard Military Academy; October 16, Santa Barbara; October 23, Alhambra; October 30, South Pasadena; November 6, open; November 13, Santa Barbara; November 20, Santa Monica.

JOE LOOMIS IS BEATEN IN DASH.

ST. LOUIS SPRINTER SHOWS HIS HEELS TO A.A.U. CHAMP.

ST. LOUIS, Sept. 26.—Joe Loomis, holder of the A.A.U. 100-yard dash championship, was defeated by Irwin Mahl of the Columbia Athletic Club of St. Louis in that event here today. The local youth covered the distance in 2-4-5 seconds.

The event was part of the annual handicap and invitation track meet conducted by the Columbia Athletic Club.

DUNDEE NOT TO BOX JOE WELLING.

MILWAUKEE, Sept. 27.—The ten-round boxing contest planned for October 1 in Milwaukee between Joe Welling of Chicago and Johnny Dundee of New York, lightweight, was today indefinitely postponed.

SAWYER IS TO BE DISMISSED.

Word received from Washington says that Sawyer, former third baseman of the Los Angeles club, is to draw his release from the Senators. Sawyer's game has been weakening and his hitting growing steadily poorer.

The Sheepshead Bay (N. Y.) speedway, which will stage the inaugural 250-mile automobile race for the Vincent Astor cup and a \$50,000 cash prize was formerly the site of the Coney Island Jockey Club. The speedway is a two-mile oval-shaped track of Georgia pine cut to 224-inch measure and laid on edge. The track is seventy feet wide and will accommodate thirty-five cars. The grandstands will accommodate 75,000 and their will be parking space for 20,000 or more automobiles. The entire project cost \$3,500,000.

CHANDLER AUTO BREAKS ALL NON-STOP RECORDS AND IS HALF WAY TO CANADA.

[BY DIRECT WIRE—EXCLUSIVE DISPATCH.]

MARTSVILLE, Sept. 27.—The Universal Chandler went through here tonight on its non-wheel-stop run from Mexico to Canada without having made a stop so far. The car has covered more than 516 miles. The crew expects to reach the half-way mark before morning. None of them has had any sleep since they started.

SACRAMENTO, Sept. 27.—With 767.3 miles of the strenuous 1800-mile non-wheel-stop run from Mexico to Canada started yesterday morning, the Universal Chandler Six passed through Sacramento at 4:10 p.m. this evening. The car was still running like a sewing machine, and the tires, which the members of the crew claim will be the only thing that will cause the car to stop on its run from Tijuana to Vancouver, showed little or no wear and the Los Angeles motorists were confident that they will reach the Canadian line without a stop.

C. H. Hunter, the pilot of the car, commented upon the driving of the Northern California people as not being in the same class with that of the southern motorists. The Chandler crew counted five wrecked machines on the State highway between Stockton and Sacramento, which proves that the drivers are either careless or incapable of handling cars on the public roads.

As long as the signs of the Automobile Club of Southern California could be followed, the progress of the car was fast, but when the northern markings were encountered, it was found difficult to tell the roads. FRESNO, Sept. 27.—With the motor running as true as at the start at Tijuana Sunday morning, the Universal Chandler Six, which is making a nonstop run from Mexico to Canada, passed through Fresno at 7:45 o'clock this morning. The members of the crew had not slept since leaving the Mexican town across the border and the seals placed by the official of the Panama-California Exposition were still unbroken.

"It is merely a matter of tires and physical endurance," said C. H. Hunter of the Chandler Motor Car Company of Los Angeles, who was at the wheel of the record-breaking car. With two searchlights playing on the road, and Hunter driving, the run through the mountains was accomplished without a hitch. Several close calls were experienced when the wrong road was taken after leaving Visalia, but Hunter wound his way around and back onto the main road and with the exception of about twenty miles' wear on the Goodyear cord tires, no damage was done.

In one instance, the road went into a ranch and in order to get back on the road without stopping the wheels of the car, it was necessary to run out into a young orange grove, where several trees were torn up, but the rancher, when he saw the Universal Chandler sign on the machine, wished the boys well and gave them the road dope into Fresno, where the wheels of the car, it was necessary to run out into a young orange grove, where several trees were torn up, but the rancher, when he saw the Universal Chandler sign on the machine, wished the boys well and gave them the road dope into Fresno,
